

■ Three Operating Sectors at a Glance

Electronic Systems

- Aircraft
- Autonomous Systems
- Avionics
- Logistics & Operational Support
- Maintenance, Repair & Upgrade
- Weapon Systems & Munitions
- Sensor Systems
- Optical Display & Targeting
- Power & Energy Management

Intelligence & Security

- Geospatial Intelligence
- Intelligence, Surveillance and Reconnaissance
- Enhanced IT & Cybersecurity
- Identity Management
- Knowledge Management & Information Sharing
- Analysis, Targeting & Support to Operations
- Range Instrumentation Products & Sustainment

Platform Services

- Designs, Develops, Produces, Supports and Maintains, Modernizes and Upgrades:
- Armored Combat Vehicles
- Surface Ship Combatants
- Ship Repair
- Commercial Vessels
- Missile Launchers
- Military Ordnance
- Protective Wear and Armor
