

# DASN (E&LM) Overview Brief

Mr. Jimmy Smith  
DASN (E&LM)  
703-614-4794  
Pentagon 4C746

# ASN (RD&A)

# Program Oversight

**The DASN (E&LM) has 3 missions:**

- 1. Provide focus on research, development and acquisition of systems which enable the combat effectiveness of operating forces in an expeditionary role.**
  - USMC programs include amphibious vehicles, tactical wheeled vehicles, tanks, ground radars, command and control, body armor, small arms, munitions, and artillery.**
  - USN programs include improvised explosive device (IED) countermeasures, explosive ordnance disposal equipment, biometric systems, surface connector platforms, and marine mammal systems.**
- 2. Oversee and coordinate rapid acquisition policy and activities in support of urgent needs across the DON.**
- 3. Oversee and coordinate policy for the DON's acquisition logistics (including property management). Act as the National Lead for the DON's Life Cycle Logistics (LCL) workforce.**
