

Naval Force the Nation Needs

- 1. Deliver and Sustain Lethal Capacity**
- 2. Increase Agility**
- 3. Drive Affordability**
- 4. Build Workforce to Compete & Win**

A group of Marines in desert camouflage uniforms are landing on a beach. They are carrying rifles and gear, and are wading through the shallow water. The scene is set against a backdrop of a clear blue sky and the ocean. The Marines are in various positions, some are standing on a metal ramp, while others are wading in the water. The overall atmosphere is one of a military operation in progress.

How We're Getting There

4Ds

Decentralize (to the lowest level)

Differentiate (the work)

Digitize (all facets of work)

Develop (the Workforce)

Balance

Mission Contribution

Team skills

Health and Wellness

Maintain/increase
Competency
